V. Statement of Public Notice

This was a regular meeting of the Board of Education of Bernards Township. Notice of the time and place of this meeting was provided and copies of that resolution were forwarded to the official newspapers as designated by the Board of Education and to the Township Clerk and a copy of the notice was posted on the bulletin board of the Board of Education Offices in accordance with P.L. 1975 Chapter 231A.

We very much welcome input from the public. There are two times during regular meetings that the public is invited to speak. One time is early in the meeting before the Board votes, and you may speak about any item that is listed on tonight's agenda. Towards the end of the meeting, there is another public forum to address any topic whatsoever.

When you approach the microphone, please state your name and address. We do not have a specific time limit, but we ask that you keep your comments brief. Please understand that our public forums are not structured as question and answer sessions, but rather they are offered as opportunities to share your thoughts with the Board. In instances where the Board feels that there is a misunderstanding or inaccuracy, a member of the Board or Administration will address it in the Board Response portion of the agenda.

There are times when a member of the public makes a comment or asks a question about an employee. New Jersey statute does not permit us to discuss personnel issues in public. Also as a matter of law, a Board of Education may only vote for or against the hiring of an employee upon the recommendation of the superintendent. If the superintendent does not recommend a person, that person's name is not listed on the agenda and there is no vote on that action. If it is necessary for the Board to go into executive session at the end of the meeting, we will provide an estimated length of time for the session and whether any action is anticipated to be taken upon returning to public session.

VI. Student Representative

Student Representative Kathleen Kirk updated the Board on the status of service projects at the high school including a donation thus far of 125 teddy bears decorated by students and staff to various charities. Also noted is the upcoming Junior/Senior and faculty volleyball tournament scheduled for December 23.

VII. Superintendent's Report

Superintendent Valerie A. Goger updated the Board on the following items:

Kindergarten

- Transportation for the mid-day kindergarten bus runs combining Liberty Corner/Mount Prospect Schools and Cedar Hill/Oak Street Schools would realize a cost savings of \$65,000.
- Unemployment costs beyond 26 weeks are now a federal responsibility realizing a cost savings for \$15,000 per non-renewed position with a total unemployment cost savings of \$120,000 for kindergarten.
- The total savings of a part-time kindergarten program is \$420,000. If this amount of money is raised by January 21, the Finance Committee has proposed that the full Board accept these funds at its January 24 meeting reinstating the full day kindergarten program for the 2011-12 school year. The understanding is that going forward the money to sustain a full day program would need to be raised by January of each year.

Science Q&A

- The questions and responses from colleges can be found on the website.
- 31 colleges either from the top tier or ones receiving applications of 10 or more district students in an average year were surveyed.
- Consensus is that the change in the academic day at the high school will not have an impact on how students are viewed by the admissions departments.
- A schedule of writing changes to labs is planned.

Admission to Honors Classes

- Every effort is made to keep enrollment in college prep courses at a lower level.
- Past experience has shown that approximately 20% of students drop down from honors to college prep creating a higher enrollment.
- Criteria for admissions to honors will be tightened to eliminate this drop down issue.

High School Play

- The play, Rent, was initially canceled due to numerous objections to content.
- In meeting with the officers of the drama club, the students spoke with Dr. Goger on anti-bullying issues and embracing tolerance at their school. It was decided that Rent would be performed at the high school.

State Mandate Relief

Ray Pinney with NJSBA highlighted the following issues facing school districts:

- Public education absorbs 1/3 of state budget
- Cuts are common in all districts
- Significance of 2% cap
- Governor's tool kit is not helpful
- County executive superintendents are due for reappointment
- Importance of passing QSAC monitoring

VIII. Public Comment on Agenda Items

Comments were made regarding the need to keep schools strong, the percent of Advanced Placement & Honor students, budgetary concerns, reimbursement by ARAMARK, the Comprehensive Maintenance Plan and content of Executive Session minutes.

Board Attorney Phil Stern stated the ARAMARK issue is a criminal investigation which may go to trial or a plea bargain. Therefore, the district may not comment. He did state that all monies, plus ARAMARK's profit on projects related to the embezzlement, have been returned in full to the district.

IX. Public Comment on Other Than Agenda Items

Public Support of Full-day Kindergarten

Adam Hecht spoke of the organization of parents willing to contribute funds to maintain a full day kindergarten program highlighting:

- Current kindergarten enrollment for 2011-12 is 321 students.
- Parents will need to donate a lump sum of \$420,000 to the district.
- Approximately 70% of student would utilize YMCA program at an anticipated cost of \$3,000 per student.
- Monies would be returned to parents if project is not successful.
- Realization that 100% funding would be necessary going forward to maintain a full day kindergarten program.
- Request for three items from school district: utilization of FridayFolder for contact information; endorsement of PTO organizations; draft letter of understanding signed by the superintendent.

Additional comments were made regarding criteria for admission to honors courses and grade standard required to remain, eight-period day at the high school and impact of science changes on college admission, extracurricular attendance policy regarding mid-term exams and family vacations, qualifying selection process for advanced placement

vs. college prep classes, the production of Rent, and inequity in state aid cuts.
