

SUMMER READING ACCOUNTABILITY

GENERAL PRACTICES

(Does not include AP 11 or AP 12)

Students can expect to participate in one of the following activities:

1. Literature circles of a specific title.
2. Completion of a graphic organizer.

COMPARE/CONTRAST ESSAY:

Most courses will require students to write a compare/contrast essay using a summer reading title and the first major course reading – essay grade.

We urge students to take notes, use a journal, or make annotations/marginal notes to help them write their compare and contrast essay.
