

2010-2011 Liberty Corner School Character Education Theme: Bucket Fillers

What are “Bucket Fillers” you may ask? “Bucket fillers” are people who give selflessly, help without being asked, and show good character to others. These individuals “fill” other people’s “buckets” with the caring and good deeds they perform. They can also fill their own “bucket” by becoming a better person.

“Bucket dippers,” on the other hand, do not display good character to others. These individuals also “dip” from others’ buckets.

We hope that all of our LCS students, as well as faculty and staff, become BUCKET FILLERS!
